

Guest Services Pre-Requisite CBT											
Content Type	Module	Topic Name	Module Objective	Enabling Learning Objectives	Sub-topics	Topic Description	Content	Delivery	Duration	Asset/Materials	LOE
Behavior/Knowledge	1	The GSA Identity	Define the GSA role, identity, and organizational context.	1. Understand the Roadmap, SMART Goals & Buddy System. 2. Align XYZ Brand with GSA Identity. 3. Identify Org Charts, Side Duties & HESS.	Topic 1.1: Roadmap, Growth & Expectations	GS Training Introduction, Agenda, Expectations, and Evaluation	Video of an avatar introduced as the "Desk Buddy." Interactive timeline showing the path from CBT Pre-Reqs, Day 1 PBOS, Days 2-4 SBT to Learning Path in Operations in the ILT. Video explaining "Learning Path: Weeks 1-4" Intro to "Professional Growth & Development" (Competencies). New Course Evaluation Form explained.	Self-Paced	30	SBT Agenda, Roadmap Map, Competency Icons, Org Charts, Fleet Gallery, Quiz Deck	High
					Topic 1.2: The XYZ Identity (The Premium Brand)	Merging the Brand (Carnival Purpose and different ship brands) with the Individual (GSA Look/Grooming).	Carnival and XYZ Ships; include existing 5 minute video XYZ Core Values GSA Identity: Interactive "Uniform Check" (pins, hair, shoes) to master "The XYZ Look."				
					Topic 1.3: The Global Network (Org & Roles)	Visualizing the ship's leadership, GS Structure, and the GSA's place in the family, and other departments. House Rules and Global HESS	Meet "Our Leader" (Executive Team), Ship org (Hotel, Nautical & Technical), and the "Guest Services Structure." "GSA main responsibilities and Side Duties", other departments GSAs collaborate with. Ship House Rules and Intro to Global HESS.				
					Module Check-in	Validation of GSA identity and reporting lines.	Knowledge Check: Scenario-based quiz. "Who do you report a medical emergency to?"				
Knowledge/Skill	2	The Guest & The Journey	Master the itinerary rhythm and guest resource navigation.	1. Master the Ship Itinerary terms. 2. Profile Guest Personas. 3. Navigate XYZ Website/Contract resources.	Topic 2.1: The 7-Day Voyage	Understanding the voyage phases: Check-in and Embarkation, Onboard and Port, Disembarkation.	Animated sample 7-day timeline (eg 7 Day Eastern Caribbean: Amber Cove & Bahamas). Highlights busy hours at the desk.	Self-Paced	30	Itinerary Video, Sample Itinerary, Persona Cards, Mariner infochart, XYZ Website, Resource Meta	High
					Topic 2.2: Guest Personas	Demographics and behavioral profiles of the XYZ Guest.	Persona Deck: Clickable profiles for the "First-Timer," "Suite Guest," "ESL Guest," and Guests with Disabilities (Accessibility needs). Focus on needs and behaviors.				
					Topic 2.3: XYZ Website Mastery	Navigating the XYZ Website, Overview on 'Know Before You Go', and the 'Cruise Contract'.	Screencast of website navigation highlighting main features. (Know Before You Go, FAQ, Cruise Contract)				
					Module Check-In	Matching guest needs to the correct itinerary phase and resource.	Knowledge Check: "A guest asks for their refund policy. Where in the website can you find the answer?"				
Knowledge/Skill	3	The Digital Toolbelt	Match guest needs to core and secondary digital systems.	1. Identify Core Systems (Fidelio/AIMS). 2. Promote Navigator App. 3. Intro Secondary Tools (POLAR, iCafe, X-Dining, SVS).	Topic 3.1: Core Stack	Overview and purpose of the primary systems: Fidelio (Accounts/Check-in) and AIMS (Maintenance). Highlight on the need for multitasking.	Icons for the "Digital Toolbelt." Video of a GSA toggling between systems to solve an issue or show screenshots of different tools.	Self-Paced	30	System Manuals, App Emulator, Tech Gallery, Match Game	High
					Topic 3.2: Navigator App	Troubleshooting login/passwords and promoting app features (dining/excursions) to guests.	Video screencast of the app's features, how customers use it and how you can assist with the troubleshooting and FAQs.				
					Topic 3.3: Secondary Tools	Familiarization with POLAR, X-Dining, SVS (Gift Cards), MAST (Loyalty), iCafe (Wifi), and Micros/Symphony(F&B POS).	Matching game to see each tool's function (e.g., SVS for Gift Cards).				

					Module Check-In	System identification for various guest requests at the desk.	Knowledge Check: Match-game. Drag guest requests (e.g., "Reset my wifi") to the correct system (iCafe).				
Knowledge/Skill	4	Phase 1: Check-in and Embarkation	Master the technical arrival and boarding process in Fidelio.	1. Master Terminal Flow. 2. Identify Stateroom Categories and Mariner Levels. 3. Perform Fidelio Check-in & Keys.	Topic 4.1: Terminal vs Desk Topic 4.2: Loyalty & Stateroom Hierarchy Topic 4.3: Technical Check-in (Fidelio & POLAR) Topic 4.4: Key Production Module Check-In	Distinguishing tasks between pier operations and shipboard desk check-in. Check-in and Embarkation Steps Flowchart. Identifying categories (Inside, Oceanview, Verandah, Suite) and handling "Guarantees" (GTY). Connecting room categories (Inside to Suite) with Mariner's Society tiers and benefits. Technical start-to-finish check-in, Credit Card authorizations, and passport scans, and troubleshooting "lost" bookings. Fidelio and POLAR Show and Try mode. Printing Guest keycards and Stateroom Door cards.	Flowchart animation of Turnaround logic. Distinguishing pier GSA vs shipboard GSA duties. Video/images of onshore check-in process in sequence Visual chart of room types. Interaction: Practice matching a guest's booked category to its place in the hierarchy to prepare for upgrades. Breakdown of Mariner levels (1-5 Star). Interaction: Matching a guest's loyalty tier to their stateroom benefits and upgrade eligibility; MAST Simulation: Interactive Fidelio. Steps: Search Guest -> Scan ID -> Link Credit Card -> Check Auth -> Verify Mariner level. Explaining Hold Amounts (per-day authorizations) to guests. Use POLAR to find a booking that isn't appearing in Fidelio to verify reservation status through Show and Try mode. Show mode: Select "Print Key." Video of hardware printing and actual key cards. Photos of different key cards. Knowledge Check: 1. "A guest has a declined credit card. What is your next step in the Fidelio interface?" 2. "A guest has a GTY (Guarantee) booking. What does this mean for their stateroom assignment?"	Self-Paced	30	Flowchart, Room Hierarchy Fidelio Sandbox, Key Printer Sim and Video for machine printing, Quiz Deck	High
Knowledge/Skill	5.1	Phase 2: Onboard and Port (Part 1: The XYZ Voice)	Apply de-escalation, recovery logic information resources, and phone etiquette.	1. Map Venues/Suites, Introduction to Club Orange, Have it All, and Specialty Dining. 2. Introduction to Info Hub 3. Master Phone Standards. 4. Apply LAST model.	Topic 5.1: Ship & Amenities Topic 5.2: Information & Access Topic 5.3: Phone Standards & Etiquette	Mapping public venues (World Stage, Spa, Casino) and the amenities of Neptune/Pinnacle Suites. Video on Navigation on I-Drive and Proforma for voyage info, and mastering "Neptune Logic." Mastering the multi-line desk, transfers, and the XYZ Greeting.	Interactive Map (Deck Plan). Click Neptune Lounge to see concierge amenities. Click Shore Excursions to see booking logic and port info. Product Knowledge. Pitching Have It All (HIA), Club Orange, and Specialty Dining that elevate the guest's voyage. Using the right tools to answer operational questions about venue times. Show Mode: Sourcing daily Port Reports in Proforma and searching the I-Drive for GSA baggage forms. Pro-tip: Always read your emails prior to your shift and don't give out just any answers to our guests when you're in doubt or not 100% sure. Samples of the "Front Office Voice XYZ Greeting." Standard Phone etiquette. LAST Identifying different lines (Club Orange, Suites, Reservations, Room Service, General Guest Services).	Self-Paced	45	Interactive Map, Greeting Video, Phone Audio, AIMS Sandbox, Role-play Videos, Recovery Cards, Phone Scenarios	High

					Topic 5.4: Service Recovery (L.A.S.T) De-escalation and the behavioral process of managing difficult guests. Correct vs. Incorrect role-play videos using the L.A.S.T model. Applying L.A.S.T and Analytical Skills (Problem Solving) Activity: Good, better, best					
					Topic 5.5: Elevating the Experience Differentiating Compensation vs. Guest Satisfaction. Identify "Hot Buttons." Differentiate Soft vs. Monetary Comp. Identifying "Hot Buttons." Using Product Knowledge to provide resolutions. Activity: What would you do in this scenario? (with feedback)					
					Module Check-In Applying brand voice, product knowledge, and safety logic to onboard scenarios. Knowledge Check: "A guest asks where the Greenhouse Spa is and complains about a leak. Demonstrate the Greeting, AIMS R-A-N, and L.A.S.T approach."					
	5.2	Phase 2: Onboard and Port (Part 2: Service Operations)	Master technical service logs, and safety protocols.	1. Master AIMS & X-Dining. 2. Execute 911/Safety protocols.	Topic 5.6: Technical Service Logs (AIMS & X-Dining) Mastery of AIMS lifecycle and X-Dining restaurant reservations. R-A-N recording for Noises, Vibrations, Odors, Leaks, Service, Cleanliness, and A/C. Intake for technical concerns and specific food/amenity side duties. AIMS Full lifecycle: Create, Acknowledge, Assign, Postpone, Monitor, Add Notes, Attach File, and Close. Generating basic Reports. Practice: Cancel/Adjust/Modify a booking Topic 5.7: Safety & Emergency Handling 911 Medical, Bomb Threats. Module Check-In Prioritize life safety (911) while maintaining the "Brand Voice" during de-escalation	Show Mode: AIMS Full lifecycle: Create, Acknowledge, Assign, Postpone, Monitor, Add Notes, Attach File, and Close. Try Mode: AIMS Simulation. Log a "Toilet Leak." Practice: Create -> Acknowledge -> Assign -> Close. Case Reporting: Documentation. Focus on writing precise, professional R-A-N logs for maintenance. Handling Wake-up Call system entry, and paging Housekeeping staff. Handling Room Service calls and X-Dining requests via AIMS. Making a reservation. Adding Dietary and Special Request comments. Simulation: Cancel/Adjust/Modify a booking High-stakes scenarios. 911 Medical and Bomb Threat (Listen/Notify) per Global HESS. Video on an emergency scenario.(multitasking) "Never place a 911 call on hold." Knowledge Check: "Mr. Henderson is mid-sentence, complaining about his "sleepless night." The 911 phone is ringing. What is your immediate course of action?"		30		
Knowledge/Skill	6	Phase 3: Disembarkation & Admin	Execute final voyage closure, billing disputes, and administrative mastery.	1. Settle Accounts & FX math. 2. Resolve Billing Disputes. 3. Intro to Microsoft tools and iCafe.	Topic 6.1: Billing, Disputes & Tipping Resolving final-night billing errors using Move Charge, Routing, and No-Print (hide) functionality. Explaining Crew Appreciation (Tipping).	Show Mode: Fidelio Accounting. Steps: Routing accounts, Moving designated charges between invoices. Try Mode: Fidelio Accounting. Steps: Move charge to Invoice 2 -> Hide service fee (Soft Comp) -> Print final bill. Explaining Crew Appreciation (Tipping), Redeemable vs Non-Refundable balances, and No-Print (Hide) functionality.	Self-Paced	45	Folio Simulator, FX Calculator, Excel Lab, Quiz Deck	High

					Topic 6.2: Accounting Stack (BofA & Freedom Pay)	Processing FX and troubleshooting CC/Merchant logic.	Overview of Bank of America (Processor) vs. Freedom Pay (Gateway). Importance of secure credit card handling. Show Mode: FX Calculator interaction. Settle bill using Freedom Pay; handle a "Registration Hold" error logic. Activity: How to Read an Invoice start to finish.				
					Topic 6.3: Admin Mastery (Reports & iCafe)	Show of tasks done on Excel and Outlook. Internet account administration.	Screencap: Excel and outlook. Show mode: Resetting Navigator passwords, verifying internet usage/packages, and processing refunds/account disabling.				
					Module Check-In	Financial integrity and administrative precision check.	Knowledge Check: Spot the error in a manifest. Calculation check for a simple Currency Exchange. "A guest wants to pay their final bill with XYZf Cash and XYZf Credit. How is this logged?"				
Behavior/Knowledge	7	Success & Self-Care	Balance targets with personal wellness and expectations.	1. Identify success targets. 2. Apply self-care. 3. Expectation vs. Reality.	Topic 7.1: Measuring Success	Understanding GSS/NPS calculation; impact of GSA on Net Promoter Score.	Guest Service Video. Motivational montage. GSS Infographic. Shows how "Timeliness" and "Knowledge" scores affect the ship's NPS.	Self-Paced	30	GSS Dashboard, Resource Map, Testimonial Video, Final Exam	Low
					Topic 7.2: Self-Care/Wellness	Mental and physical health resources for crew and work-life balance	(Self-care Plan). Checklist: Healthy sleep, exercise, time-management, GS helpline and social connection.				
					Topic 7.3: Expectation/Reality	Realities of 4-6 month contracts, shared cabins, and handling homesickness.	Testimonial Video Gallery. Testimonies from GSAs on ship life.				
					Skills Readiness Test	Comprehensive validation of readiness for the ILT classroom.	Knowledge Check Cumulative 15-question quiz.
